NewtonL	= Newton Lake State Fish & Wildlife Area (Jasper Co)	TwoRivers	= Two Rivers National Wildlife Refuge (Calhoun Co)
NoP	= North Pond, Lincoln Park, Chicago (Cook Co)	UCCA	= Union County Conservation Area (Union Co)
NPM	= North Point Marina, Winthrop Harbor, Lake Michigan (Lake Co)	Urbana	= Urbana (Champaign Co)
OakBot	= Oakwood Bottoms, Shawnee National Forest (Jackson Co)	WaterfallGlen	= Waterfall Glen Forest Preserve (DuPage Co)
Palos	= Palos area (sw. Cook Co)	Wauk	= Waukegan harbor/lakefront (Lake Co)
		WCCA	= Washington County Conservation Area (Washington Co)
		WhalonL	= Whalon Lake Forest Preserve (Will Co)

A number in parentheses () indicates the number of birds observed at a particular location or on a particular date. No number signifies single birds. Place names given in italic type were only reported as counties. The sequence of records within species accounts, begin in northwest Illinois (Jo Daviess, Carroll and Whiteside counties), proceed to the east, then continue back and forth across the state in a systematic pattern with the southernmost records at the end. Transparent directionals (n.=north(ern), ne. = northeast(ern), etc.), and including c.= central, are used where applicable. Words referring to natural features are generally not abbreviated in names of residential communities (thus Forest Park, Fall Creek, Garden Prairie, etc.). Noteworthy dates of occurrence, remarkably high counts, and/or locations for the state as a whole, or for particular regions of the state, are either underlined for being uncommon or underlined and boldfaced if exceptional for that date or location. Headings for species requiring IORC (Illinois Ornithological Records Committee) review in parts of Illinois or in some plumages are underlined, while those for species requiring review of all records are CAPITALIZED AND UNDERLINED. Records pending IORC review are enclosed in square brackets [] without observer credit. The IORC review list can be viewed at the IOS/ IORC website, <http://www.illinoisbirds.org/iorc.html>. Four-letter alpha or bird-banding codes in capitalized letters (e.g. WODU for Wood Duck, PUMA for Purple Martin, etc.) developed by the

USGS Bird Banding Laboratory are occasionally used within the species accounts.

Remarks on the historical significance of records aim to be valid for the corpus of data published in H. David Bohlen's 1989 *Birds of Illinois* and the seasonal summeries in the Illinois journals *Illinois Birds and Birding* (summer 1984 – spring 1991) and *Meadowlark* (summer 1991 – present). Data from other sources may have bearing on the validity of these remarks. Species names and sequence correspond to the American Ornithologist's Union Check-List of North American Birds and its supplements through the 54th supplement (2013). The 2003 DeLorme *Illinois Atlas & Gazetteer* has been used as a standard for spelling of place names for sites included therein. Some records not printed here may still be under IORC (Illinois Ornithological Records Committee) review; when completed, they will appear in the published IORC report.

As standard policy, all observers, regardless of experience, must fully document all unusual observations. Easy to use documentation forms are available on the Illinois Ornithological Society's website at <http://illinoisbirds.org/>. Completed documentation forms of "listed" species should be submitted to the IORC Secretary Paul Sweet, at HYPERLINK "mail to:paul.sweet@att.net" paul.sweet@att.net or to him by mailing them to 2114 Elisha Ave., Zion, IL 60099, within one week of the observation.
