

IOS Listers Corner 2016

Total Counties per Species List - Central Region

(Top five totals per species - 40 possible counties)

The numbers listed below look quite different from last year, due to the closed-out species submitted by Andy Sigler, the continued excavation of historical records by Pete Moxon, a new update from Eric Walters, and continuing submissions from 'the regulars'. The Central region now has 74 closed-out species, the increase of 17 species, entirely due to Andy Sigler. However, there are many other changes, as 98 species have had an increase in their maximum number of counties. Some impressive totals include 23 Sandhill Crane and 16 Black-billed Cuckoo counties (Pete Moxon), 20 Ross's Goose and 24 Yellow-throated Warbler counties (Michael Baum), 35 Summer Tanager counties (Jim Mountjoy), and 30 Northern Mockingbird counties (Eric Walters). There are many other impressive numbers below though, so dig in and enjoy!

The *Illinois Regional Map* can be accessed from the Listers Corner home page.

"Multiple observers" means that 5+ birders have reported the same total. (updated 4/3/17)
