Regional Big Months (top five per region)

Ben Guo tallied 98 species for the Central Region in January 2020, 93 of which were in McLean County. Tom Colin also added his January count from 2021 and a total from February 2020, both from the Central Region. Colin Dobson's Multi-Region January was the second-highest on record; he added a number of other notable totals, too.

County Big Months

Frank Holmes submitted Madison County totals that not only made the list for every month, but set or tied the record for nine of them! Patricia Andersen added new totals for Cook & Will, as did Henry Griffin for Cook. Doug Stotz submitted totals for multiple counties, many from past years. Ben Guo submitted the first-ever monthly total for McLean County, as did Dustin Holschuh for Marshall. The most notable addition is likely from Ryan Jones, whose 99 species in Kendall County is a most impressive total for January.

*(100 minimum, or top three totals (25 minimum); 150 in Cook & Lake Counties in May)
Tallies are limited to a birder's top eight totals for a given month in a county.*
