

IOS Listers Corner 2021

Total Counties per Species List - Central Region

(Top eight totals per species - 40 possible counties)

The biggest change this year in the Central region TCPS is the fact that we have expanded the listings from the top five to the top eight totals for each species. This provides opportunities to include many more worthy totals that are often closely competitive with the top five, but there are some entries that can probably be exceeded by birders who are trying to figure out whether their own tallies will be enough to make our top eight. The new high totals come mostly from a surge in county birding by Colin Dobson (e.g. six Neotropical Cormorant counties, 15 Fish Crow counties) and continuing efforts by Jim Mountjoy (e.g. 33 Acadian Flycatcher counties, 24 Henslow's Sparrow counties). The total number of closed-out species in the region has now increased to 136.

*The Illinois Regional Map can be accessed from the Listers Corner home page.
"Multiple observers" means that 5+ birders have reported the same total. (updated 3/14/22)*
